MASON SPA

MASON Spa is located on a pristine beachfront in Na Jomtien of Chonburi, a place equally endowed with peace and famed attractions. In line with the rock carving concept invoked to deliver an impeccable beach retreat at the ultra-modern luxury resort that is MASON, the spa is also inspired by the nearby local community of Angsila.

Drawing on the peacefulness of the surrounding area and the artisanal masonry concept of the resort, MASON Spa welcomes guests to a serene cocoon design inspired by local narrations, culture and elements, which are also weaved into the services and treatments available. From the sea and land, MASON Spa uses all the riches of its location for your relaxation.

The MASON team developed our unique spa concept by combining the beauty of nature, deep expertise and Thailand's long history of hospitality and physical therapy into services as firmly professional in their presentation as they are gentle and heartfelt in their practice. We use simple yet powerful natural elements such as the Morning Glory flowers of our beaches, the precious round carved Angsila stones integrated into our MASON Zila Signature Massage and the fragrant flowers infused into our welcome drink to disentangle you from the bustle of life and transport you to heavenly bliss.

For a relaxing experience, treat yourself to a day at MASON Spa, where Eastern and Western massage techniques have been brought together to present exquisite revitalization.
